

Sewanhaka Central High School District Library Media Centers

The libraries provide access to eBooks for their students. There are two formats that are available:

Destiny provides access to curriculum and fiction books in e-format. As of now, students can read these books on a device that has internet access such a computer, iPad, iPhone, tablets and most smartphones. Students have access to these materials by using their student ID card to create an account.

Nooks are used to enhance the selection and variety of eBooks available to students. These Nooks will be preloaded with selections made by the Library Media Specialists and may be borrowed for up to 14 days. Students must have a permission form on file in order to “check –out” the Nooks.
